Participation Certificates will be given at the completion of the course.

The number of participants is limited.

Noris Medical reserves the right to cancel / reschedule the course.

Notification shall be given to all applicants in advance.

Isaac Hurtado

Isaac Hurtado started in the dental industry in 2005, as a student in a dental assistant certification program in California. He interned at a predominant practice in Palm Springs, it is there that his passion for the industry ignited.

Isaac has worked in all aspects of the Dental industry in both Private and Public practices. His roles included, Dental Nursing, Surgical Assisting, Laboratory Technician and Practice Management. The desire to learn and grow continued for Isaac with a yearning for Sedation dentistry, he went on to receive his certification in phlebotomy.

Isaac has combined all his knowledge and skills to now be working with Noris Medical, he is passionate in training assistants to have a cohesive working environment.
