20:00 - 22:00	Diner

SATURDAY APRIL 17TH

09:00 am - 14:30 pm

Day Two

09:00 - 10:00	Case presentations
10:00 - 12:00	Hands on Model Workshop
12:00 - 13:00	Break and snacks
13:00 - 14:30	Q&A , course graduation

Course Overview

"All on X" is the most rehabilitating treatment modality for most patients who are edentulous or soon to be edentulous. This is a 2-day full scope course covering every aspect of treatment of the atrophic maxilla with respect to immediate loading.

The course will cover the latest protocols concerning osteotomy preparation utilizing osseodensification, autologous growth factors utilization derived from blood and dentin and prosthetic protocols.

This course will be hosted by **Prof. Ziv Mazor** , and **Dr. Dirk Mankow**

Course Objectives

- ✓ Discuss indications and alternatives to traditional AOX
- ✓ Discuss unique configurations of AOX in the premaxilla
- ✓ Discuss anatomy associated with conventional and nonconventional AOX
- ✓ Review indications and contraindications of conventional and nonconventional AOX
- ✓ Discuss surgical techniques for osteotomy preparation utilizing osseodensification
- ✓ Discuss latest augmentation procedures utilizing autologous growth factors
- ✓ Incorporate prosthodontic considerations to AOX
- ✓ Hands on Model Workshop

Speaker

PROF. ZIV MAZOR

Prof. Ziv Mazor is one of Israel's leading periodontists. He graduated from the periodontal department at the Hadassah School for Dental Medicine in Jerusalem, where he served as a clinical instructor and lecturer for undergraduate and postgraduate dental students.

Since 1993, Prof. Mazor has been engaged in clinical research in the field of Bone Augmentation and Sinus Floor Elevation. He is currently participating in the quest for improving and evaluating new grafting materials, using various growth factors as well as researching "osseodensification"- a paradigm shift in dental implantology.

Prof. Mazor is a renowned author in dental implantology, and is known worldwide for his innovative approaches in cutting-edge procedures and technologies. He is a world known speaker and has lectured extensively both nationally and internationally. This year was his 25th consecutive year speaking at the AAP.

Prof. Mazor is part of the continuing education faculty at the New York University and an Associate Professor at Titu Maiorescu University in Bucharest, Romania. He conducts and moderates advanced international implantology courses and workshops. He is the past President of the Israeli Periodontal Society.

Prof. Mazor maintains a private practice limited to periodontal and implant dentistry in Tel Aviv & Ra'anana, Israel.

Speaker

DR. DIRK MANKOW

Dr. Dirk Mankow has been working in his own practice since 1994.

Since that time he has also been involved in dental implantology and implant prosthetics.

He has been certified as a member of the German Society for Implantology (DGI) since 2004.

Since 2011 he is offering continuing education in his clinic.

He is particularly interested in immediate loading of implants, guided surgery and new methods of preparation of the implant site and measures to promote wound healing.
