2:00 – 3:30	Cont Cadaver Hands On

Course Description

Although they have been in use for over 50 years, Pterygoid implants are one of the least understood styles of dental implant treatment. This may be due to the fact that pterygoid implants are widely considered to be one of the most difficult fixtures to place in all implant dentistry. This 2-day course will provide knowledge and guidance for incorporating this style of treatment into your full arch dental implant practice. After didactic learning about pterygoid implants, course participants will receive hands-on guidance for the placement of pterygoid and zygomatic implants on both models and cadavers.

Course Objectives

- ✔ Review history of pterygoid and zygomatic implant treatment
- ✔ Review anatomy pertinent to pterygoid and zygomatic implant treatment
- ✔ Review indications and contraindications for pterygoid and zygomatic implants
- ✔ Pre-Surgical workup for treatment planning pterygoid and zygomatic implants
- ✔ Review surgical techniques for the placement of pterygoid and zygomatic implants
- ✔ Review complications associated with pterygoid and zygomatic implants
- ✔ Review prosthetic restorations of pterygoid and zygomatic dental implants

Speaker

Dan Holtzclaw, DDS, MS

Dr. Dan Holtzclaw is a Diplomate of both the American Board of Periodontology and the International Congress of Oral Implantologists. Long recognized as one of the world's leaders in full-arch implantology, Dr. Holtzclaw has published over 60 articles in peer reviewed journals such as the Journal of American Dental Association, the Journal of Periodontology, Implant Dentistry, the International Journal of Periodontics and Restorative Dentistry, and Compendium. Dr. Holtzclaw served as the Editor-In-Chief of the Journal of Implant and Advanced Clinical Dentistry for 13 years in addition to serving as an editorial board member and/or editorial reviewer for six additional dental journals.

With over 150 main podium lectures provided at major dental conferences all over the world, Dr. Holtzclaw has been named a "Leader in Continuing Dental Education" by Dentistry Today Magazine for the past 14 consecutive years. Dr. Holtzclaw currently serves as the Director of Fixed Arch Solutions for Affordable Care, LLC, a DSO with over 360 clinics in 41 states. Dr. Holtzclaw is a proud 13 year veteran of the United States Navy who finished his naval career as the periodontist for the US Navy Blue Angels Flight Demonstration Team.

Speaker

Dr. Simon Oh, DDS, FICOI

Dr. Simon Oh grew up in Maryland where he received his Bachelors of Science at the University of Maryland – College Park in Physiology and Neurobiology. He then graduated with honors at the University of Maryland Dental School, where he achieved the highest national board scores in his class. He was a member of several honors societies, including the OKU honors society, and won many scholarships for academic and clinical achievement. Dr. Oh was also the lead guitar player of his band, InciDental.

After finishing his dental education, Dr. Oh furthered his training in Oral and Maxillofacial Surgery at Hahnemann University Hospital and St. Christopher's Hospital for Children. Here he received extensive inpatient and outpatient training in conditions ranging from impacted wisdom teeth and dental implants, to major facial reconstructive surgery. Dr. Oh is also a published author in the Journal of Maxillofacial Trauma. Today, Dr. Oh serves as Chief Clinical Officer and Chief of Implantology of ProSmile, the largest DSO in the region, overlooking clinical operations of over 200 dentists and dental specialists. As a Fellow in the International Congress of Oral Implantologists, Dr Oh has special interest in dental implant surgery , the All-on-X full mouth reconstruction concept, nonconventional implants such as zygomatic implants , teeth in one day , and bone regeneration . With Dr Oh's unique skill set acquired from training around the world, he leaves no patients behind, even if they have "no bone."

In addition to being voted by his fellow dentists as Top Dentist in Philadelphia Magazine in 2019 and 2020, Dr Oh has also been selected as one of the top 40 dentists under 40 in the United States by Incisal Edge Magazine in 2020 for his clinical skills, involvement in education, and leadership in the dental field.

Dr Oh lectures, mentors, and trains doctors, nationally and internationally, on implant surgery on a regular basis for many different implant companies. He focuses on delivering the highest quality, empathetic care to his patients, in the most pain-free manner possible. Dr. Oh enjoys traveling, golf, and spending time with his wife Sophie, son Cameron, daughter Claire, and their two dogs, Max and Mandi.
