Speaker

DR KUNAL SHAH, BDS PGCE

Founder of LeoEducation

With a special interest in Implantology, Dr. Kunal Shah is a Clinical Supervisor for students on the Year Long Postgraduate Implant Course at LeoDental. He has published several articles in the professional circular on CBCT, Implant Cases and Mentoring and has lectured internationally.

Speaker

DR SUNKANMI OLAORE, BDS PGCERT IMP

Dr. Sunkanmi Olaore qualified from the University of Birmingham in 2013 where he won the Christopher Gaites prize in orthodontics and special care dentistry. He has since worked in oral and maxillofacial surgery at various hospitals in the UK and was the clinical lead for minor oral surgery in Northern Ireland.

After obtaining his Masters degree in oral surgery from the University of Plymouth, Dr. Sunkanmi went on to complete further education in advanced surgical dental implantology and restorations, alongside bone grafting and sinus lifts as part of British Academy of Implant and Restorative Dentistry and Institute of Clinical Excellence.

He has published several articles in the professional circular and has delivered presentations on implant dentistry. Dr. Sunkanmi lectures for implant masterclass and is proficient at placing a number of implant systems. In his spare time, he enjoys athletics, reading and spending time with family.

Currently, he has embarked on a new venture to learn the piano.
