# Course Overview

How to utilize the "All-on-X" protocol with conventional and nonconventional implants for rehabilitation of the edentulous ridge with **Prof. Ziv Mazor** and **Dr. Reza Faridrad**.

All on X" is the most rehabilitating treatment modality for most patients who are edentulous or soon to be edentulous. This is a 2-day full scope course covering every aspect of treatment of the atrophic maxilla with respect to immediate loading. The course will cover the latest protocols concerning osteotomy preparation utilizing osseodensification, autologous growth factors utilization derived from blood and dentin and prosthetic protocols.

This course will be hosted by **Prof. Ziv Mazor** and **Dr. Reza Faridrad**.

## Course Objectives

- ✓ Discuss indications and alternatives to traditional AOX
- ✓ Discuss unique configurations of AOX in the premaxilla
- ✓ Discuss anatomy associated with conventional and nonconventional AOX
- ✓ Review indications and contraindications of conventional and nonconventional AOX
- ✓ Discuss surgical techniques for osteotomy preparation utilizing osseodensification
- ✓ Discuss latest augmentation procedures utilizing autologous growth factors
- ✓ Incorporate prosthodontic considerations to AOX
- ✓ Hands on Model Workshop
- ✓ Live surgery

**Course Price £1900**

## **PROF. ZIV MAZOR**

Prof. Ziv Mazor is one of Israel's leading periodontists. He graduated from the periodontal department at the Hadassah School for Dental Medicine in Jerusalem, where he served as a clinical instructor and lecturer for undergraduate and postgraduate dental students.

Since 1993, Prof. Mazor has been engaged in clinical research in the field of Bone Augmentation and Sinus Floor Elevation. He is currently participating in the quest for improving and evaluating new grafting materials, using various growth factors as well as researching "osseodensification"- a paradigm shift in dental implantology.

Prof. Mazor is a renowned author in dental implantology, and is known worldwide for his innovative approaches in cutting-edge procedures and technologies. He is a world known speaker and has lectured extensively both nationally and internationally. This year was his 25th consecutive year speaking at the AAP.

Prof. Mazor is part of the continuing education faculty at the New York University and an Associate Professor at Titu Maiorescu University in Bucharest, Romania. He conducts and moderates advanced international implantology courses and workshops. He is the past President of the Israeli Periodontal Society.

Prof. Mazor maintains a private practice limited to periodontal and implant dentistry in Tel Aviv & Ra'anana, Israel.
